Works notification

LEVEL CROSSING REMOVAL PROJECT

August works overview

We're removing the level crossings at McDonald Street in Mordialloc and Station Street in Aspendale by building new rail bridges. We're also removing and closing the Bear Street level crossing in Mordialloc and building a new Mordialloc Station.

What we're doing

Major construction is ramping up in August, and piling works are continuing as we build the foundations of the new rail bridges. During August, we will:

- close Bear Street and the Mordialloc Stabling Yard underpass
- continue piling, earth and civil works
- continue sewer realignment works on Station Street, Aspendale
- carry out rail infrastructure upgrades, including piling, sleeper replacement, and drainage works
- install new underground services and rail systems in Mordialloc and Aspendale
- carry out electrical and signal upgrades, cable installations, and removal of overhead wires in the rail corridor.

Utility providers will continue relocating services (electricity, NBN, gas and water). Temporary service interruptions to private properties may occur, and your utility provider will notify you ahead of time.

Bear Street closure

Bear Street will permanently close to traffic between Albert Street and Nepean Highway **overnight** on **Monday 4 August** to facilitate construction of the new station precinct and elevated rail bridges.

Drivers can continue to access Nepean Highway via McDonald Street and White Street and local access to homes and businesses on Mechanics Lane/ROWY (right of way) will be maintained.

There may be some local congestion while we complete the remaining project works. For more information about why Bear Street needs to close, please visit **levelcrossings.vic.gov.au/mordialloc**

Mordialloc Stabling Yard underpass closure

From **Monday 18 August**, the Mordialloc Stabling Yard pedestrian underpass will **permanently close** to facilitate construction of the new rail bridges and updates to the stabling yard entry/exit points, maintaining the stabling yards capacity.

Locals can use alternate routes via Bear Street and Mordialloc Creek bridge. For more information about why the underpass needs to close, visit **levelcrossings.vic.gov.au/mordialloc**

Upcoming night works

To upgrade essential rail infrastructure, we'll work 24/7 in the rail corridor from:

- **7pm Tuesday 22 July to 5am Wednesday 30 July,** between Attenborough Road and Eulinga Avenue, Aspendale
- **7pm Tuesday 5 August to 5pm Tuesday 26 August,** between McDonald Street and Bear Street, Mordialloc
- **7pm Friday 8 August to 8.30pm Tuesday 26 August,** between Lewis Street and Bear Street, Mordialloc
- **7pm Monday 18 August to 5am Thursday 28 August**, in Mordialloc and Aspendale while crews conduct piling, demolition, service installations, and rail infrastructure upgrades.

During these night works, you may notice:

- an increase in construction activity, machinery, vehicles and workers in the area

VICTORIA'S BIG BUILD

VICTORIA State Government

- additional lighting, directed away from residential properties where possible
- noticeable construction noise and vibration in the area.

During this time, buses will replace trains on various sections of the Frankston Line from **8.30pm Monday 18 August** to **last service Thursday 28 August**. Access to homes and businesses will be maintained. We'll be in touch with directly impacted residents and traders in advance.

Travel and access changes at Mordialloc Station

From **Friday 29 August to mid-2026**, we'll close Platform 2 at Mordialloc Station and train services in both directions will run from Platform 1, to help keep passengers moving and reduce the need for replacement buses during major construction. While these changes are in place, you can expect:

- minor timetable changes on the Frankston Line, with some reduced services
- closure of Mordialloc Station commuter car park (except accessible car spaces)
- closure of the station underpass.

Passengers can access Platform 1 via McDonald, Bear or Main streets. Passengers are encouraged to plan ahead and check timetable information at **ptv.vic.gov.au/timetables**

Station Street, Aspendale changes

A temporary road will be in place on Station Street until **late August** between the level crossing and Pine Crescent, to maintain traffic flow during sewer realignment and installation works. During this time, Attenborough Road will remain closed at Station Street and drivers can detour via Pine Crescent, Mill and Ruvina streets.

Temporary no standing zones will be in place close to intersections to facilitate safe turning movements.

During these works, you may notice an increase in construction activity, noise and vibration. At times, there'll be overnight deliveries of oversized machinery and materials.

Traffic management will be in place to help guide motorists. Sewer realignment and installation works will continue through to late September.

Changes to the way you travel – Mordialloc

Mordialloc	Impact	When
McDonald Street	Intermittent lane closures between Albert Street and Nepean Highway/Main Street Service Road, local access maintained.	At times throughout August
Albert Street	Intermittent road and lane closures between Lewis Street and Bear Street, local access maintained. Please follow signage and detours in place. We will be in touch with directly affected residents.	At times throughout August
Bear Street	Permanently closed between Albert Street and Nepean Highway (Main Street Service Road). Pedestrian access maintained.	Overnight on Monday 4 August
Mordialloc Stabling Yard underpass	Pedestrian underpass permanently closed. Detour via Bear Street and Mordialloc Creek bridge.	From Monday 18 August

Changes to the way you travel – Aspendale

Aspendale	Impact	When
Nepean Highway	Intermittent lane and parking closures between Station Street and Kara Grove, under traffic management.	Ongoing until 2026

Aspendale	Impact	When
Station Street	Vehicles detoured onto temporary road between the level crossing and Pine Crescent. Allow extra time.	Until late August
	Intermittent road closures between Station Street level crossing and Eulinga Avenue under traffic management. Please follow signage and detours.	Until late 2026
Attenborough Road	Road closed at the intersection with Station Street. Detour via Pine Crescent.	Until late August
Pine Crescent and Pine Court	Sections of street parking temporarily closed to make room for no-standing zones.	Until late August

Upcoming travel changes – public transport

Service	Impact	When
Trains - Frankston and Stony Point lines	Buses replace trains between Cheltenham, Frankston, and Stony Point.	8.30pm Monday 18 August to 8.30pm Friday 22 August
	Buses replace trains between Caulfield, Frankston, and Stony Point.	8.30pm Friday 22 August to last service Sunday 24 August
	Buses replace trains between Cheltenham, Frankston, and Stony Point.	Monday 25 August to 8.30pm Tuesday 26 August
	Buses replace trains between Moorabbin, Frankston, and Stony Point.	8.30pm Tuesday 26 August to last service Thursday 28 August
Station underpass closed	Station underpass closed.	From Monday 18 August
Platform 2 closed	Platform 2 and station underpass closed. All train services will depart from Platform 1 (To City / To Frankston). Pedestrian access to Platform 1 via McDonald, Bear and Main streets.	From Friday 29 August
Altered Frankston Line timetable	Trains will run on an altered timetable. Timetable information is available at ptv.vic.gov.au/timetables or on passenger information displays at your station.	From Friday 29 August

We'll make every effort to complete these works on schedule, however dates are subject to change.
