Split Billing Request for School Contributions - 2026

The College recognises that some families wish to split their school contributions levies between two parties. Families who wish to split their account between two parties must complete and return the "Split Billing Request for School Contributions' form to the College. Both parties are required to sign the form, authorising the account to be divided equally (50% each).

Please Note:

- The responsibility of payment of any school contributions incurred prior to submitting this form will remain joint.
- Please note that this Split Billing Request Form will need to be completed on an annual basis.
- This form pertains exclusively to school contributions. Events cannot be split through Compass.
- Parents/Guardians are responsible for negotiating and completing this agreement by forwarding the completed form to mordialloc.co@education.vic.gov.au or submitting it in person to our Finance Department before Friday 19th September 2025.
